Pecan Grove Plantation is a planned community featuring a golf course club house environment. The community started in the early 1980's.

The owners of this home began looking at custom home designs in 1990-91 and built this dream home. It is a dream home today. The beveled glass door opens to the marble floor entry. The large study with French doors, high ceilings, and built ins can be used as your in home office, game room, media room, or fourth bedroom. The hardwood floored den is large enough to be divided into TV, conversation, and game centers. The master suite features a sitting area, gas log fireplace and executive bath. The island kitchen can be ruled by the chef or food preparation tasks can be designated to all. Lots of counter space, cabinets, work station and breakfast area. The sunroom looks out on the pool and can be used year round. Three car detached garage has two large windows to enhance the work space, and what a wonderful place to park your golf cart.
